Time: 11am - 3pm  
Where: Cremona Library

Contact: Karen  
403-922-8835  
krnannbritt@gmail.com

## GARDEN CLUB

The next meeting of the Cremona Garden Club will be held Thursday, January 12th at 2:00 pm at the Water Valley Community Hall. Garden Club member Toby Williams will be leading us in an interactive session about seeds: harvesting and cleaning, storing, and germinating. Toby will use examples of vegetable and annual flower seeds where appropriate but we will also learn about seeds from trees, shrubs, and perennials.

Non-members are welcome to attend for a \$5 fee payable at the door.

Please email Rosemarie McGonigle at [rosie31040@gmail.com](mailto:rosie31040@gmail.com) if you plan to attend, so we have an idea of how many people to expect.

The Garden Club typically meets the second Thursday of every month, and new members are always welcome. Our membership fee is \$15/year.

## JOURNALS WITH JAN

### File Folder Mini Journal

Make a personal journal using one file folder and some decorative papers. Approximate size is 6x5".

## RED HOT SCIENCE

Technology, coding & robotics workshops

Registration is required!

Visit our website for more info  
[www.cremonalibrary.pr1.ab.ca](http://www.cremonalibrary.pr1.ab.ca)

## Sphero Droid Adventures

Grades K- 4\*, 10:30- 11:30 AM

If you are a Star Wars fan, you will know the little droid BB-8. The Sphero Sprk+ is the lower half of BB-8, and in this workshop participants get to learn how to use a tablet to program a Sphero to act just like BB-8. A guarantee of fun, laughter and squeals of delight as participants drive their little robots around the room.

\*children 8 years old and under MUST have an adult with them

A network  
member of

With funding from  
Canada

## Digital Compass Tech

Grades 5- 8, 1:00- 2:30 PM

In today's world almost everyone has a smart phone and can easily tell what direction they are pointed, but in the past compasses were the standard for orienteering and hiking. In this session, participants will use the sensitive magnetic field detector on a micro:bit board and Microsoft's block code programming language to build a simple compass.

## SEWING WITH DOROTHY

Come and create a bag that meets your personal needs. In the first class we'll discuss details you may want to include in your bag, discuss bag hardware and prepare the pattern for your personal bag. In the following two classes you will construct your bag.

**DATES:** Tuesdays, February 7, 14th and 21st

**TIME:** 10am-4pm

**PLACE:** Gold & Silver Club

**COST:** \$40 per person

Deadline to register: Jan. 31st
